Tri-University

Pre-application workshop checklist

For all questions, "you and your" refers to the student completing the application.

What to bring to the workshop:

Social Security number — Be sure to know your Social Security number, as you may need it to submit your application. If you don't know yours or don't have it, don't worry, we will help you complete your next steps without it.

Application fee — To complete the application, you must pay the application fee online or indicate your eligibility for a waiver.

Driver license — If you have a driver license, great, bring it. If not, that's okay.

Unofficial transcript — To self-report your grades, you will need an unofficial transcript for reference. If you do not self-report your grades, you may need to send an official transcript to the university. Self-reporting your grades allows your application to be processed faster.

Senior year coursework — As a part of self-reporting your grades, we'll also want to know what classes you plan to take in your senior year. Be sure to have your senior year schedule at the ready.

Parent or guardian contact information — It is helpful if you can provide the following information about your parent(s) or guardian(s) on the application:
First and last names.
Relationship to you.
Contact details.
Did your parent or guardian attend this university?

Optional information — The University of Arizona application allows you to list your activities, leadership experiences, clubs and organizations, as well as a personal statement.

What to review before the application workshop

View degree programs — You will be required to select a degree program on your application. If you are unsure of your degree program of interest or would like to know more about degree options, explore ASU's degree programs, NAU's degree programs and UArizona's degree programs prior to the application workshop.

List your top three majors of interest and their campus:

1.

2.

3.

Pro tip: Select "Exploratory" or "Undeclared" if you're undecided or unsure of which major you want to select.

Tri-University

Pre-application workshop checklist

For all questions, "you and your" refers to the student completing the application.

Helpful tips: At the workshop

Write down/remember your login information — You will need the username, email address and password used for creating your application if you need to log back into your application.

Use an email account you have easy access to — If possible, use a personal email account instead of your high school account. Make sure the email address is appropriate. The university will correspond with you regarding your admission decision and next steps through this email.

Complete your application

A complete application includes:

A completed and submitted online application.
Paid application fee or completed fee waiver built into the application.
Any additional information requested by the university via your university portal.

Additional information for ASU application only

yes no

Were you claimed as a dependent for income tax purposes by a parent or legal guardian in 2019 or 2020?
Did you or will you file state taxes for the 2020 tax year?
If you select "yes," you will be expected to produce W-2 forms if you submit a FAFSA.
Do you own or operate a vehicle registered in the state of Arizona? If yes, what year and month was it first registered?
In which state does your parent(s) or legal guardian(s) currently live?
If your parent(s) or legal guardian(s) currently live in Arizona, when did they begin living in Arizona?
Did or will your parent(s) or legal guardian(s) file state income tax returns for the 2020 tax year?
In which state did or will your parent(s) or legal guardian(s) file state income taxes for 2020?
Does either parent or legal guardian have a valid Arizona driver's license?
Is either parent or legal guardian currently employed in Arizona (i.e., do they pay state taxes based on their employment status)?
